

TEXAS DEPARTMENT OF TRANSPORTATION

CENTRAL 7-MILE COMPREHENSIVE PROJECT

I-35 THROUGH DOWNTOWN

June 27, 2016

A Community-Driven Effort

- Since 2011, the Mobility35 team has conducted:
 - More than 300 stakeholder meetings and community events
 - Over 30 public open houses
- Virtual open houses
- Website, Twitter, Facebook
- Location-specific outreach
 - Downtown Stakeholder Working Group
 - Decks Area Neighborhood Workshops
 - Aesthetics Working Group
- Project-specific outreach

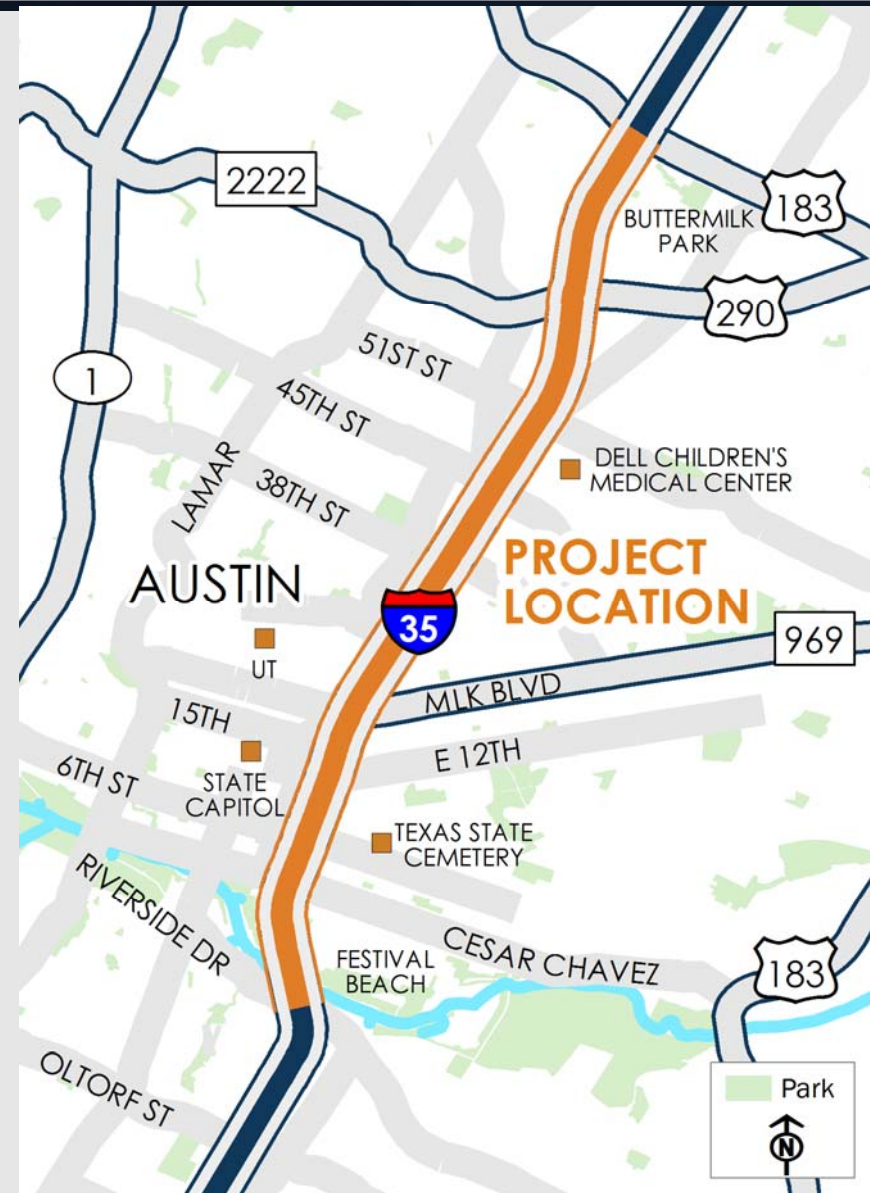

Goals

- Increase capacity
- Enhance safety
- Optimize existing facility
- Manage traffic better
- Minimize need for additional right of way
- Improve east/west connectivity
- Improve compatibility with neighborhoods
- Enhance bicyclist, pedestrian, and transit user options

About the Central 7-Mile Comprehensive Project

- Limits: I-35 between US 183 and Riverside Drive
- Evaluating two build options downtown through the environmental process

Preliminary Design – 8TH Street to Cesar Chavez Street

All renderings preliminary and subject to change

- Replace and improve current mainlanes to go **OVER** the east/west cross streets
- Cost an estimated \$550 to \$650 million to construct from US 183 to Riverside Drive

- Replace and improve current mainlanes to go **UNDER** the east/west cross streets
- Cost an estimated \$750 to \$850 million to construct from US 183 to Riverside Drive

Modified Existing Option - 8TH Street to Cesar Chavez Street

All renderings preliminary and subject to change

Lowered Option - 8TH Street to Cesar Chavez Street

All renderings preliminary and subject to change

Next Steps

Provide feedback on build options between
June 17- July 15 at www.Mobility35openhouse.com

Open House

September 20, 2016

5:30-7:00 p.m.

Memorial United Methodist Church

6100 Berkman Dr.

Continue to help refine plans. We'll meet anyone, anytime, any place.
